Choosing Pathway of Study in Grade 9

Locally Developed

- ❖ Learning the most essential concepts of a subject
- ❖ Developing basic knowledge and skills through concrete, practical tasks
- ❖ Relating content to familiar and real-life applications
- ❖ Selected after conversations with special education team

Destreamed Pathway

- ❖ Learning all the essential concepts of a subject AND extending thinking to explore the connection of related materials and ideas
- ❖ Concentrating on theory and abstract thinking as a basis for future inquiry and problem solving
- ❖ Emphasizing the transaction from HOW to WHY

A Great Place to Be!
